What can I solve for your company?

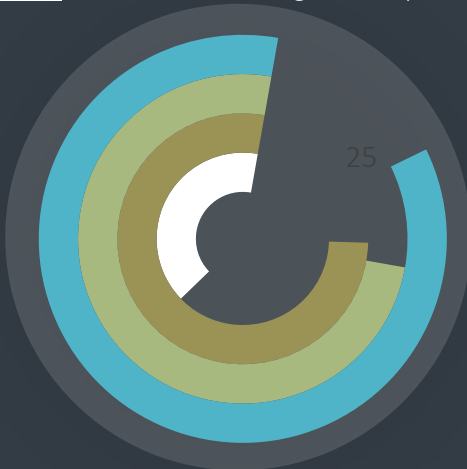

1. I deliver **advanced videos** that are modified for your customer target group.
2. I achieve **more engagement** of your **customers** on your website and SM-channels.
3. I **gain sales growth per year** including **persuasive** presentations and reports for the Management board.

Why you have to hire me?

1. With great **communication** I master public speaking with my **creativity** in and outside the company.
2. My **adaptability** is valuable in a rapid changing market. I developed this skills during my historical projects like the famous TEDx
3. I **take initiative** in a team to discover together how we all can develop on a personal level

What companies need to consider to hire me?

- If you search a **social and collaborative** digital marketer
- If you like an employee who **thinks and analyse** things instead of acting based on a feeling
- If a **proactive person** with a **humble way of communication** is an additional value in your team.
- If you are searching for someone who **perceives the situation** before I start thinking about a plan and solution.
